(909) 399-5431**

Effective July 1, 2024

LOWBOY RENTAL GUIDELINES*

1. The charge for lowboy rental is \$724.34 for loads up to 7 tons (loads between 7 and 9 tons are billed at the current tipping fee.) For loads over 9 tons (18,000 pounds), additional fees will be assessed at the rate stipulated by the State of California Vehicle Code, Division 18, Chapter 1, Article 2, Section 42030, for the amount of overloaded weight. Rental period is for one week (e.g. Monday to Monday, Friday to Friday, etc.). **PAYMENT MUST BE MADE IN ADVANCE.**
2. The fee includes delivery, pickup, and disposal of **one** load. Additional dumps during the rental period may be arranged by calling Community Services at (909) 399-5431. Additional dumps are \$724.34 each, to be paid in advance.
3. Lowboys are delivered and picked up Monday through Friday, **any time between 6:00 AM and 4:00 PM.**
4. If the lowboy needs to be relocated, there is a service charge of 25% of the current weekly rate (\$181.08).
5. There is a \$29.50 charge if the lowboy is cancelled within 24 hours of the delivery date.
6. Rental extensions will be charged at a rate of \$44.29 per day beyond the original rental period, for a maximum of 7 additional days. Community Services must be notified and payment made at least one day in advance if you request that the rental period be extended.
7. Lowboys are to be used to dispose of debris such as dirt, rock, concrete, or gravel.
8. All material must be placed entirely within the lowboy, and absolutely nothing shall extend above the top of the side panels. Material should be evenly distributed in the lowboy. **Weight limits apply regardless of how full the container is.**
9. Please specify the location where the lowboy should be placed. Lowboys must be accessible for collection by the City truck and remain on a hard, level surface. If the requested location is on private property, a liability waiver must be signed prior to delivery. Without a signed waiver or if the driver deems the requested location unsuitable, the lowboy will be left in the street. The lowboy should not be moved and must be located at the same place for collection as for delivery. (Do not block access to the lowboy.) The City is not responsible for any damage caused to the surface by the lowboy or collection vehicle.
10. **No hazardous materials of any kind**, such as paints, asbestos, solvents, pesticides, herbicides, motor oil, tires, or car batteries are to be placed in the container. For information on how to dispose of these items, please call Community Services at (909) 399-5431 or visit the Los Angeles County website at www.CleanLA.com for a list of upcoming Household Hazardous Waste and E-Waste events.
11. Do not place refrigerators, televisions, computer monitors, VCRs, stereos, copiers, fax machines, or fluorescent bulbs in the lowboy. For information on how to dispose of these items, please call Community Services at (909) 399-5431.
12. If the container cannot be picked up for any reason, the customer may be required to unload any or all material. A service charge of \$36.89 will be levied for each additional service call if the lowboy still cannot be picked up, plus \$44.29 per day for each additional day over and above the initial rental period.

*** Any lowboy found not to be in compliance with these guidelines is subject to additional special circumstances fees.**
